

Medicaid for Families With Dependent Children (MAF)

Medicaid for Families with Dependent Children provides medical coverage for parents and other caretakers or relative with children age 18 and under, as well as for children under age 21. A pregnant woman may also qualify.

Monthly Income limits effective April 1, 2014 are:

<u>Family Size</u>	<u>Income Limit</u>
1	\$434
2	\$569
3	\$667
4	\$744
5	\$824

(for each additional member add \$78.00)

If your family is over the income limit but have high medical bills, you may still qualify for Medicaid and have a Medicaid deductible, which is the amount you are responsible to pay.

MEDICAID FOR INFANTS AND CHILDREN (MIC)

Medicaid for Infants and Children provides medical coverage for children under age 19. The income limits are determined by the age of the children in the family. There is no limit on resources.

Monthly Income limits effective April 1, 2014:

<u>Family size: Up to Age 1</u>	<u>Age 1 to 5</u>	<u>Age 6 to 18</u>
1	\$2,043	\$1,294
2	\$2,753	\$1,774
3	\$3,464	\$2,194
4	\$4,174	\$2,644
5	\$4,885	\$3,094

For each additional member add:

\$711	\$711	\$450
-------	-------	-------

If the family income is greater than the amounts listed above, the child (ren) may be eligible for NC Health Choice for Children.

NC Health Choice for Children is an insurance program for children who do not qualify for Medicaid and do not have private insurance coverage. There may be enrollment fees and co-payments for medical services.

Family & Children Medicaid

People Focused, Service Driven!

**BREAST AND CERVICAL CANCER
MEDICAID**

Women between the ages of 18 and 64 who have screened for and diagnosed with breast or cervical cancer by a designated screening provider and does not have health insurance. *Applications can only be submitted to the Department of Social Services from these providers.*

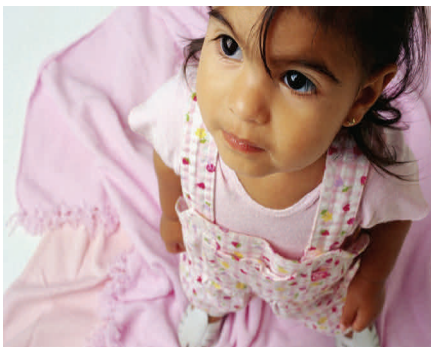

**HEALTH COVERAGE FOR WORKERS
WITH DISABILITIES**

This program is effective November 1, 2008, and provides an incentive for persons with disabilities to go to work or increase their hours of work while protecting their Medicaid eligibility. The program covers ages 16 through 64 and the individual must have a disability as defined by the Social Security Administration.

Applications for any of the above Medicaid programs can be made by submitting an application form.

Once the form is completed you may bring the application to the Department of Social Services, drop it in the drop box out front, or mail to:

**FAMILY & CHILDREN MEDICAID
PO BOX 338 MARION NC 28752**

**NC HEALTH CHOICE FAMILY INCOME
LEVELS, 04/01/14**

The maximum income limit to receive NC Health Choice coverage is 200% of the federal poverty level. Countable income must be greater than the maximum MIC income level but not greater than 200% of the federal poverty level. To be eligible for NC Health Choice a child cannot be eligible for full Medicaid benefits or have comprehensive private health insurance.

MEDICAID FOR PREGNANT WOMEN

Medicaid for Pregnant Women (MPW) pays only for services related to the pregnancy. Application can be made during the pregnancy or up to three months after delivery. A woman who experienced a recent pregnancy loss may also qualify.

There is no limit on resources.

Monthly Income limits effective April 1, 2014:

Family Size	Income Limit
2	\$2,570
3	\$3,233
4	\$3,896

(unborn child counts in family size).

If a woman is covered by Medicaid on the date she delivers, her newborn child is covered by Medicaid up to age 1 without a separate application. Please make sure that the hospital has informed your worker that your baby was born. The baby's Medicaid will not take effect until the worker is notified
